Project:

Spectrum Masonry Cement (Type N) *

Product information:

These Colored Masonry Cements (Type N) are manufactured by our Spectrum Cement Division of Buda, Texas. This product is a Masonry Cement conforming to ASTM C-91. Each 70-pound bag of this cement is to be mixed with masonry sand meeting ASTM C144 at a ratio of no less than 2¼ & no more than 3 times the volume of the cementitious material.

AHI suggests that the project Engineer and/or Architect, masonry contractor and all other appropriate parties review this product & submittal and determine its acceptability prior to the initiation of the project. AHI asserts that the materials and blending of Spectrum Colored Masonry Cement (Type N) are proper: that said please note that sand is added to our product by the masonry contractor on the jobsite.

Should you require information on the ASTM Specifications controlling our product, samples of our product, Material Safety Data Sheets, references or if we may be of service to you in any way, please contact us.
