(Spectrum Cement Division)

To: **Date:** July 6, 2010

Attention:

From: Mike Hill

Subject: The Spectrum White Masonry Type N that we are submitting for your approval

Project:

Spectrum Masonry Cement (Type N)*

Product information:

This Colored Masonry Cement (Type N) is manufactured by our Spectrum Cement Division of Buda, Texas. The product is a Masonry Cement Mortar Proportion Mortar Mix ¹, representing the cementitious component of an ASTM C 270-00 mortar. Each 70 pound bag of this mortar mix is to be mixed with masonry sand meeting ASTM C144 at a ratio of no less than 2¼ & no more than 3 times the volume of the cementitious material.

AHI suggests that the project Engineer and/or Architect, masonry contractor and all other appropriate parties review this product & submittal and determine its acceptability prior to the initiation of the project. AHI asserts that the materials and blending of Spectrum Colored Masonry Cement (Type N) are proper, but does not warrant for the adherence to the mortar specification required by the project, as the product is not sanded.

Should you require information on the ASTM Specifications controlling our product, samples of our product, Material Safety Data Sheets, references or if we may be of service to you in any way, please contact us.

****Include Mortars-White, Texas Tan, Light Brown, Light, Medium & Dark Black, Meridian Mauve & Concho Brown***

Thank you for the opportunity of furnishing this quality product on your important project!

¹ The Masonry Cement conforms to ASTM C 91 Type N.
